

Each **lost or stolen record costs \$154-\$158**, and the total average **cost of a data breach is \$4 million!**

- Ponemon Institute® Research Report

Get your head in the **CLOUD**

with  
**ImageSilo®**  
Powered by PaperVision®

Though **data doubles** in size **every two years**, our investment in **IT will grow** by only **40%** between 2012 and 2020. That means our **investment will drop** from about \$2.00 to just **\$0.20 per gigabyte!**

- IDC, The Digital Universe in 2020

In 2016 private cloud adoption increased from **63% to 77%**.

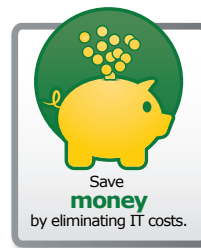

- RightScale 2016 State of the Cloud Report

“The financial **benefits of moving to the cloud** are clear - as are the security and reliability benefits. With cloud **delivering 3.2 times the ROI** of on-premise applications with lower initial and ongoing costs, and the environmental benefit, of going clouds **it's hard to argue against the cloud.**”

- Rebecca Wettemann, Nucleus Research

**65%** of IT leaders were **confident that cloud** had **equal or greater security** than internal IT systems.

- 2016 Cloud Security Alliance

THAT'S **EFFICIENCY** *now*

“Now that we have ImageSilo, we log in and it's just simple. We don't spend any time in the file room anymore. Using ImageSilo definitely **equates to more productivity for our employees.**”

**Aaron Baltisberger**  
Two Rivers Financial Group

TAKE **CONTROL** *now*

“Before ImageSilo, there wasn't really a great security measure for people that weren't authorized to get into those files. They could get in if they wanted to. Today, that doesn't happen.”

**Gary Brown**  
Community Choice Credit Union

THAT'S **MONEY** *now*

“Since implementation, our accounts payable employees have experienced a 30% productivity gain by adding more leases without hiring additional staff, saving us \$75,000 each year.”

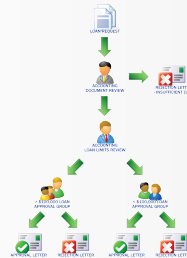

**Phil Akason**  
Terrus Real Estate

**Manage anything**

**send it anywhere**

**on any device.**
