

PaperVision® Enterprise Report Management

What if you could **organize** your data **into easy-to-use reports**?

Many organizations **still use mainframe systems** to crunch through mountains of printed data.

26% of businesses **still use print stream/COLD output.**

- AIIM, Big Data 2012

24% believe they could **benefit** from **turning print streams into searchable electronic documents.**

- AIIM, Big Data 2012

33% of processing **time is spent** trying to **avoid mistakes.**

- AIIM, Big Data 2012

Convert data into practical reports

Efficiently
configure and use
print streams.

Get
Control
and eliminate paper.

Easy-to-use
reports save
money.

THAT'S EFFICIENCY NOW

Cardell Cabinetry has more than **doubled productivity** with PaperVision® Enterprise Report Management. Employees **spend less time processing** invoices and **more time serving** our customers.

TAKE CONTROL NOW

“With thousands of invoices to manage every week, we use PaperVision Enterprise Report Management daily and **process invoices in seconds.**”

Steve Todd
Director of Information Systems,
Polar Imaging, Inc.

THAT'S MONEY NOW

“PaperVision Enterprise Report Management gives us the **ability to help** our customers **realize a bigger ROI** and **faster time** to value. In fact, it works so well that we **use it ourselves** as the base application for most of our fully automated processes!”

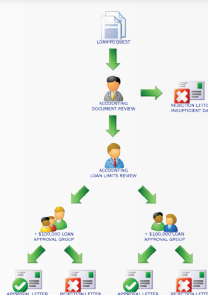

Paul Dabbs
V. P. Services,
C. F. Biggs Co., Inc.
